

# 5 O'CLOCK EDITION.

The late Legislature of California refused to adopt the new ballot law proposed by the Federated Trades, or by the Young Men's Democratic League of San Francisco. No one in either House ventured to present any substantial reasons why the measures were not fit to be incorporated into their Codes—simply, the legislators did not propose to adopt anything of that kind that would upset political chicane, and make such rascalities as disgraced San Francisco last Fall impossible, and that would give the poor man an equal opportunity with the politically favored to "run" for office. But the Legislature of the State of Indiana looked at the matter in a very different way, for it has adopted and the Governor of that State has approved, a ballot reform law that is almost word for word like the bills the California legislators rejected. In Indiana hereafter the State will furnish all ballots used at any of the State's county or municipal elections. The ballots will be uniformly printed, and contain the names of all men who wish to aspire to office and can secure the indorsement of a reasonable number of citizens. The ballots will be delivered to voters at the polling booth by the election officers, and the voter will in private prepare and cast his ballot, absolute secrecy being secured him. The Record-Union says there can be advanced against such a system no reasonable objection.

The Alta estimates the average cost of electing a Congressman in the Northern States at \$15,000. Somewhat inconsistently it assumes that if the salary were raised better men would be elected to Congress. But \$15,000 for an election that covers but two years' time is a stubborn thing to tackle. If we make a salary of \$10,000 a year, there will remain but \$5,000 for two years' service. There is no assurance either that if the salary were doubled the election expenses might not be increased correspondingly. The necessary election expenses do not exceed \$1,000, and may be limited to \$500. The \$14,000 is mostly paid to bosses. Part of it remains in the pockets of the bosses and a part is expended in influencing votes which are within the range of such influences. Every dollar of the excess over certain necessary expenses goes into a corruption fund. The bosses spend what they think necessary to maintain their hold on the party machinery, and appropriate the balance to their own use. A condition precedent of an increase of salary should be an effective law against the use of money in elections. The people certainly will not consent to increase the salaries of Congressmen whenever the bosses increase the assessment on candidates.

The rejection of Halstead as Minister to Germany shows a spite on behalf of the United States Senators that should be frowned down by the combined press of the country. He is taken to task for doing his duty as a journalist, and his rejection is due to that fact. The GAZETTE had a similar experience on a small scale last Winter in the Nevada Senate. It is a poor rule that won't work both ways, and when a man in public life don't do his duty or shirks responsibility, it is the duty of the press to call attention to it, else how is the public to know that they have elected a black sheep? A man's public acts are public property, and as long as we publish a paper in this State, we will show them up whenever occasion requires.

Boston will come pretty near being a prohibition city. Beginning May 1st next only 730 liquor licenses will be granted, as against 4,000 last year, exclusive of drug-gists' and special club licenses. Last year's fees ranged from \$400 to \$1,000, but they will be increased from \$1,000 to \$1,500 this year.

The Cincinnati Enquirer contains an interview with Governor Foraker, in which he favors the nomination of Halstead for the next Republican candidate for Governor of Ohio.

#### The Kansas Elections.

KANSAS CITY, April 3.—The election yesterday was a very hot contest. J. J. Davenport, the Anti-ring Republican was elected for Mayor, and all the other Republican candidates except the Treasurer.

The women played a very important part in the municipal elections in Kansas. Eight hundred women voted in Wichita, and two were badly defeated for members of the School Board, and Harris, a liquor dealer, was chosen Mayor. At Topeka 500 women voted, their ballots being divided between the Democrats and Independents, and B. P. Waggoner, a Democrat, was chosen Mayor. At Topeka the women made a strong fight, and it is believed the Democratic ticket is elected. At Rossville the women elected their ticket. At Leavenworth Susan B. Anthony made a heroic fight for her brother, Dr. R. Anthony, for Mayor, but he was defeated by a large majority. Eight thousand women voted. Kansas again elected women officers by a sweeping majority. At Cottonwood Falls Mrs. Minnie Morgan was elected Mayor, with a full Council of women.

#### Boulanger's Manifesto.

PARIS, April 3.—General Boulanger has issued a manifesto from Brussels to the French people. He says he will not submit to a trial by the Senate, but he is willing to be tried before magistrates or a jury. He says he will await the elections, which will make the republic habitable to the honest and free.

Le Presse says Boulanger left Paris at the request of friends who were informed that he would be tried by an exceptional tribunal and would not escape alive. During his absence, Boulanger continued the struggle for a revision of the constitution.

BRUSSELS, April 3.—Boulanger and Arene, a member of the French Chamber of Deputies, arrived at Mons, Belgium this morning. They were met at the railway by Rochefort. The party retired to Hotel Monarque, where they held a conference.

BRUSSELS, April 3.—Boulanger is stopping at Hotel Mengelle. He registered under the name of "Bruno." After a conference with Rochefort at Meens this morning, he returned here. A demonstration in his honor was made at Meens and in this city. The Independent Belge warned him that his expulsion from Belgium will follow any intrigue on his part against the French Government.

#### A French Court.

PARIS, April 3.—At the trial of the leaders of the League of Patriots to-day the assistant prosecutor accused the League of connecting itself with the army of the new party; denounced the issue by the League of its manifesto in condemning the bombardment of the Achaïoff expedition at Sagallo by the French Admiral, and declared it was an act of stupidity. Laguerre, one of the accused, vehemently protested against the language, and Naquet, another of the accused, interposed with the remark, "Let the assistant prosecutor drive on." The assistant prosecutor demanded that Naquet be committed for contempt. The proceeding created a sensation and Naquet finally withdrew the objectionable expression.

#### Important if True.

WASHINGTON, April 3.—Mrs. McKee, the President's daughter, left this morning with Senator Davis and family for a few weeks' visit in Florida.

BALTIMORE, April 3.—Ex-Senator Henry Davis and family started on a little Southern trip this morning. At Washington they expect to be joined by Mrs. Harrison, wife of the President, and her daughter, Mrs. McKee. They go to Charleston, Jacksonville and St. Augustine to be absent ten days.

#### The Recent Hurricane.

AUCKLAND, April 3.—The recent hurricane in the South Pacific caused great damage on the Island of Tahiti. Parts of the Island were submerged and many people drowned. On the Island of Tonga, the hurricane created great havoc—thirty persons perished.

#### A Reversed Decision.

LONDON, April 3.—The Privy Council has reversed the decision of the Canadian Court, which had declared that metals discovered on the coast of British Columbia belonged to Canada.

#### Reported Dead.

ROME, April 3.—A rumor is current that King John of Abyssinia, is dead. It is said his death is due to wounds received in a battle with the forces led by Dervish Metema.

#### Timely Rain.

VICTORIA, Australia, April 3.—Rains which have been of great benefit to the crops have fallen throughout the Province.

#### A New Deal.

BOSTON, April 3.—Widder, Peabody & Co. have publicly announced that the time has come for a radical change in the management of the Atchison, Topeka & Santa Fe Company, and have called upon the stockholders to send them their proxies for the annual meeting. These proxies, they say, "will be used in our best discretion to secure a conservative, economical management, with frequent, prompt, candid reports to the stockholders of the company's earnings, expenses and all other matters of interest. It is important to every stockholder that his stock should be represented."

The directors of the company held a meeting yesterday, and practically decided upon a ticket. This ticket will contain several new names, and New York interests are likely to get a representation. Director Magoun says: "It is enough for the present to state that the company's wants are amply supplied. The talk of a receivership has no basis whatever, and so far as a refunding plan is concerned, that has not been talked of by the directors. Neither has the July interest been discussed."

#### A German View.

BERLIN, April 3.—The Reichstag Naval Secretary, in referring to the loss of the German warships in the recent hurricane at Apia, said it was the duty of the country to mitigate the sufferings of the victims of the disaster. Regarding the situation in Samoa, he said the report of the German officer in command there had not thrown the lives or property of Europeans in danger, he was sure the British war-ship Calliope would not leave Samoa if the position had been critical. He announced that the Government intended to replace the wrecked German vessels as soon as possible, as the United States is about to send three cruisers to take the place of the American war-ships that have been lost.

#### The Rhode Island Election.

PROVIDENCE, April 3.—The State election is in progress. The weather being bright, the prospect is a large vote will be polled. It is doubtful if the general ticket has the absolute majority required, and in a number of towns the vote on the legislative ticket promises to be very close. A large number of new voters enjoy the privilege of the franchise under the seventh amendment to the constitution for the first time to-day. There is also a large increase of the list from naturalization. The principal issue is the re-submission of the prohibitory amendment. There are four tickets in the field for general officers: Republican, Democratic, Law Enforcement and Prohibition.

#### The Nanticoke All Right.

CHICAGO, April 3.—News was received here this morning of the arrival at Key West of the steamer Nanticoke. All on board are well. This is the vessel supposed to have been in collision with the Haytian gunboat, Conserva, off Norfolk, Va., one day last week. Until the receipt of the news, neither of these boats had been heard from, and the character of the wreckage found floating in the vicinity led to the supposition that both vessels had gone down with all on board.

#### Destructive Prairie Fire.

SCOTLAND, Dakota, April 3.—Another dreadful prairie fire swept over the country south of Scotland yesterday, and its path was marked by the smoldering embers of many homes. A high wind prevailed and the grass was as dry as tinder, the terrific force of the fire being beyond description. Besides the isolated farmhouses, barns and contents, it is reported that the town of Olivett, the county seat of Hutchinson county, was more than half destroyed.

#### Blunt, Dakota, April 3.

The whole country around Blunt is being devastated by prairie fires. Several buildings in the suburbs are being burned, but the city as yet is safe. J. I. Richardson lost five hundred sheep, cattle and hogs. Many farmers are homeless. A strong wind arose before the fire, doing considerable damage.

#### A Mixed Election.

St. Louis, April 3.—City elections were held throughout Missouri yesterday, but it is reported politics did not cut much of a figure. The Democrats elected a majority of their tickets in Jefferson City, Sedalia, Cape Girardeau and Springfield, the Republicans in Booneville, Maryville, Carthage and St. Joseph, while the peoples' and other mixed tickets were successful in a score of other places.

#### Claims to be a Chiv.

NEW YORK, April 3.—Harvey K. Glidden, claiming to be a wholesale liquor dealer of San Francisco, was arraigned here to-day charged with a felonious assault on a cab-man with whom he quarreled about a fare. The prisoner, who claims to be a grandson of the late Gen. John C. Breckinridge of Kentucky, was remanded until tomorrow for examination.

#### A Desperate Moonshiner.

CHARLESTON, W. Va., April 3.—Detectives Baldwin, Robinson and Wallace went to Tug River yesterday to arrest a desperado and moonshiner named Will Moran. A fight ensued and Moran was killed, not, however, until he had wounded seriously all three of the detectives. Much trouble is anticipated.

#### No Longer Observed.

Ash Wednesday no longer interferes with the theatrical performances in London. Whereas all the theatres used to close on that day, only two this year paid any attention to it, and these merely announced that they would keep open.

#### Died of Apoplexy.

Ex-Judge Alexander McCue, Assistant United States Treasurer and ex-Secretary of the Treasury, died in Brooklyn yesterday of apoplexy, aged 69.

#### A New Ministry.

BUCHAREST, April 3.—In the Chamber of Deputies the Prime Minister announced that the Ministry had resigned.

#### A Compromise Bill.

ALBANY, April 3.—The Legislature last year appointed a commission to revise the excise laws of the State and prepare a bill which should be general in its application. The bill as prepared by this commission is a compromise between extreme high license and the liquor interests. This bill came before the Assembly this morning and passed by a vote of 69 to 63. A party vote, except that four Republicans voted with the Democrats in the negative.

#### An Unpalatable Dose.

WINNIPEG, April 3.—Last night the citizens caught a music teacher named Ornest, who had been too intimate with another man's wife, dosed him with paregoric and axle grease, gave him a coat of feathers and ran him out of town.

#### To be Banished.

PARIS, April 3.—The rumor is current that the Government is about to issue a decree of banishment against Boulanger.

#### SICK OF THE MEN.

Worse Company Than a Dime Novel.

The dignified girl was on the street-car the other evening, and her lower lip pouted out as if she were at odds with things generally. "You seem out of sorts," said her companion stenographer, "What is the matter?" "Oh," replied the dignified girl, "I get sick of men and their ways. They are messy; they sling paper all over the office and roll about on the desks and chairs in such undignified attitudes. They smoke and chew; we have fourteen drummers who come into our office and only one of the fourteen has ever had the courtesy to ask me if cigar smoke is offensive to me. Then they are silly; they talk such nonsense that 16-year-old girls wouldn't be guilty of it. It is all about neckties, new hats, ballets, good dinners, and so on. If you think man is the superior animal you just spend some time in a business office, with the associates of sizes of him, and you will see. I am beginning to believe that a trashy dime novel is better society than the average man and equally improving."

#### THE FISHERIES DISPUTE.

The Home Government Has a Word to say.

The Canadian Government has suddenly changed its policy regarding the issuance of licenses to American fishermen under the *modus vivendi*. It is said this sudden change is due to the fact that Sir John Macdonald, the Canadian Premier, received positive instruction from the British Government insisting that under no circumstances whatever was the system of granting these licenses to be discontinued during the coming season. For some time past a voluminous correspondence has been passing between Sir John and Lord Salisbury on the question of the strained relations between Canada and the United States, and it is rumored that the British Premier has intimated his unwillingness to be drawn into a quarrel with the United States in fighting Canada's battles or in defending the policy of the Dominion Government. He has given imperative instructions that every cause for irritation, so far as Canada is concerned, shall be removed.

#### The Stomach Distills Acids.

These, if existent in a natural quantity, and uninvited by bile, play their part in the functions of digestion and assimilation. But the artificial acid resulting from the malady of the stomach to convert food received by it into sustenance, is the producer of flatulence and heartburn, which are the most harassing symptoms of dyspepsia. The best curative is Hostetter's Stomach Bitters. Far more effective is it than carbonate of soda, magnesia or other alkaline salts. These invariably weaken the stomach without producing permanent benefit. No man or woman chronically dyspeptic, and consequently nervous, can be in possession of the full measure of vigor allowed by nature. Therefore, invigorate and regulate the system, and by so doing protect it from malaria, rheumatism and other serious maladies.

The immediate symptoms of Dyspepsia, or Indigestion, are a distressing sense of weight, oppression and fullness in the stomach, heartburn, loss of appetite, foul breath, belching, flatulency, nausea, pains in the shoulders and breast. Dr. Henley's Dandelion Tonic promotes healthy digestion and removes all unhealthy symptoms. Sold by William Finner.

This is the season of the year when the raw, cold winds create sad havoc with the hands and complexion. Soft, white hands and clear, "rosy" complexion can be assuredly preserved by the frequent application of Dufard's Specific. If rubbed into the skin well it leaves no greasy surface. The skin absorbs it. Sold by William Finner.

A person is seldom sick when their bowels are regular and never well when they are irregular. Bear this in mind and keep your bowels regular by an occasional dose of St. Patrick's Pills. Sold by Osburn & Shoemaker.

It should be generally known that Dr. Henley's Dandelion Tonic insures a hearty appetite and increased digestion, dispels nervous depression and low spirits, overcomes lack of energy and wakefulness, and will infuse new life and strength into the weakest invalid. Sold by William Finner.

## A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking the first dose that she slept all night and with one bottle was miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby N. C. — Get a free trial bottle at S. J. Hodgkinson's Drug Store.

Oregon is one of the most productive States in the Union. Its vast mineral regions contain gold, silver, copper, iron and coal. Its immense tracts of grazing lands support thousands of cattle and sheep, and its extensive agricultural regions produce all the cereals in abundance, the yield per acre being, in some instances, the largest in the world. Among the useful and valuable products of the Western State may be mentioned Oregon Kidney Tea, which has proved a boon to thousands afflicted with pain in the back and kidney difficulties. It is purely of vegetable composition and never fails. Sold by William Plummer.

## The Verdict Unanimous.

W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of Rheumatism of 10 years' standing." Abraham Shaw, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only half a dollar a bottle, at S. J. ## RAILROAD PROBABILITIES.

## What a U. P. Surveyor Has to Say.

A surveyor of the U. P. road was in the GAZETTE office this morning looking at maps when a GAZETTE reporter bored into his knowledge chest for facts as to the probability of the road coming to Reno, but without much success. He said, however, that they had surveyed a line on the other side of the mountains south of this point and also one north, and that now they were looking over the country with a view of getting over the mountains at the most available point. He did not see how the company could afford to ignore Reno, however. He thought the traffic of this place was sufficient for them to consider well before deciding to build either north or south of us. He was very reticent as to where he was going from here, but said he thought the balance of his party would be here in a few days.

Goldwin Smith has a two-column letter in the London Times declaring with his accustomed vigor that Canada will be ruined unless she obtains commercial reciprocity with the United States, and that the annexation feeling is growing rapidly in the Dominion solely because this reciprocity is denied.

## A Goat-Herder Suicides.

Coroner Peers received word to-day that Fred Campbell, who has been herding goats for Bonitz, near Rock Springs, about seven miles north of Reno, committed suicide last night by shooting himself. Mr. Peers left soon after noon for the scene of the tragedy and will bring the dead man to town this afternoon.

## A Chance For a Home.

The Homer Index says that there is a heavenly outlook along the shores of Mono lake just now. From Miller's icy fountain to Williams' balmy strand, at the southern extremity of the great alkali puddle, is a continuous stretch of loveliness, and there is room for a thousand beautiful homes.

## Justice's Court.

For being drunk and disorderly, Jack Murray was sent over the river this morning for ten days. A squaw and a buck Indian were also arrested for drunkenness.

Three tramps arrested in Benson's hay barn were sent to jail for 20 days each.

## A Violent Tramp.

Last evening as Frank Blaney, conductor of freight train No. 7, was pulling away from Winstead, a short distance this side of Truckee, a violent tramp who had been ejected from the train dealt him a hard blow with a rock which caused a deep scalp wound.

## A Social Party.

The Woman's Relief Corps of Reno will give a social party on the 30th inst., the centennial anniversary of the inauguration of Washington.

## PERSONAL.

Mrs. George Alt returned this morning from California.

General Evans returned from California this morning.

Judge Sabin of the U. S. District Court, went below last night.

Mrs. M. D. Foley came in from the East on last evening's express.

Phil Bates, a native of "Cooper's Mills," is in from Long Valley.

Captain John Kelly, the diamond drill mining expert, went below last evening.

A. M. Ward, accompanied by Frank Weatherly, left this morning for Surprise Valley.

J. F. Holladay, the carpenter, is reported by Dr. Hogan to be very ill with pneumonia.

Will Craig, late of the Toronto Restaurant, went below last evening to consult a physician.

Professor W. S. Devoil, late botanist and bursar of the Ohio Agricultural Experiment Station, arrived from the East yesterday morning to take charge of the Experiment Station at the Nevada University.

## San Francisco Meat Market.

Beef in large quantity and lower in price. Several hundred head of Arizona cattle arrived here by rail and were slaughtered during the past week. Receipts of calves are fairly liberal, causing easy tone to veal quotations. Sheep and lambs are coming to hand with freedom and in good condition.

Following are the rates for whole carcasses from slaughterers to dealers in San Francisco:

Beef—First quality, 5½¢@6¢; second quality, 5¢@5½¢; third quality, 5¢ per pound.

Veal—Quotable at 5¢@6¢ for large and 6¢@7¢ per pound for small.

Mutton—Quotable at 5½¢@6¢ per pound.

Lamb—Spring, 9¢@10¢ per pound.

Pork—Live Hogs, on foot, grain fed, 6½¢@6¾¢; soft, 5½¢@6¢; dressed, 9½¢@10¢ per pound.

## The Heine Entertainment.

The Orpheus, New York, says: In consequence of the illness of Ole Bull, Mr. Heine, the blind violinist, and his wife, Mme. Ada Heine, the celebrated pianiste, took his place.

Mr. Heine's playing aroused great admiration, and encores of the most enthusiastic character followed each performance. It is rare that any artist has made a more complete success.

This company are said to be really first-class. Mr. Heine is said to be far superior to Uria, and if he is, it will be worth hearing. They appear at McKissick's Opera House to-morrow (Thursday) night. Box sheet now open.

## Interesting Figures.

In the "Mittheilungen neber Preussische Statistik," Nov. 65, published in Berlin, 1883, we find that in all the hospitals and public institutions of the country during the years 1878-79, there died from the ranks of the drinkers 19 per cent., while from the entire number of patients there was only a mortality of 10 per cent. in the entire number of patients admitted. Of those afflicted with pneumonia, 53 per cent. of the drinkers died, while only 18 per cent. of the other pneumonia patients died; in typhus cases the mortality of drinkers was 38 per cent., while from the entire number of typhus cases only 10 per cent. died.

## Sunday Fishings.

The Carson Appeal complains that its efforts to put down Sunday fishing has come to naught. It says:

Last Sunday our local, who was over at Lake Washoe fishing, makes the following report. He found the shore of the lake lined with anglers, and a careful poll of the crowd resulted as follows: Episcopalians, 24; Presbyterians, 20; Methodists, 16; Baptists, 12; Catholics, 10; Men of no religious belief, 6.

## Death of Judge Hupp.

Judge George F. Hupp, well known in San Francisco, who came to California in the early fifties, lived at Santa Barbara for about fifteen years, then moved to San Bernardino, was found dead in his bed at the latter place last Monday. He was at one time connected with the San Francisco law firm of Garber, Thornton & Bishop, 327 Pine Street.

## Large Prune Orchard.

In the vicinity of Santa Margarita is what is claimed to be the largest prune orchard in California, or in the world. Its size is somewhere near three hundred acres and is in a very thrifty condition. Prunes and olives have been found to do remarkably well in this locality, as well as many other fruits.

## A Pair of Tights.

At Placerville, Cal., the other day or night a young fellow squeezed his girl so hard that he broke two of her ribs. The accident is attributed to a tight corset and a tight bean.

## Raved Like a Maniac.

C. A. Hines at Los Angeles was rendered temporarily insane Saturday by taking laughing gas. He raved like a maniac for a while.

## Sitting on the Safety Valve.

Many are they who have laughed at the story of the green steamboat fireman who sat on the safety valve to prevent it "leaking." Yet thousands are repeating his folly every day. They are troubled with blotches, pimples, eruptions, salt-rheum, boils, carbuncles, ulcers and old sores, and are contenting themselves with suppressing the symptoms without removing the cause. They sit on the safety valve by which Nature is driving out blood impurities, instead of using Dr. Pierce's Golden Medical Discovery, which cures by removing the cause, which is in the blood. It is a wonderful blood purifier and invigorating tonic.

Do you think the proprietors of Dr. Sage's Catarrh Remedy would offer, as they have done for many years, a standing reward of \$500 for a case of Catarrh which they cannot cure, if they did not positively know that the Remedy will absolutely and permanently cure Catarrh. Sold by druggists, at only 50 cents.
